

# Consent Form

For children under 14 taking part in a mission by Secret Mission

*Translation for your convenience – the German version is legally binding.*

Players **under 14** may only take part with this signed consent form and an **adult companion in the same team**. From 14 no consent form is needed, but under 16s still need the adult. Please fill it in, sign it and bring it to your game.

## 1 Who is signing?

- ☐ I am a **parent or legal guardian** of the children named below. If there are other guardians, they also agree to the participation.
- ☐ I am an **adult, but not a legal guardian**. The parents or guardians of the children named below have agreed to their participation and asked me to sign this consent form on their behalf.

## 4 By signing, I confirm

1. I allow the children named above to take part in the booked mission – together with the adult companion named above in the same team.
2. I know what to expect: a live crime game written for adults, with professional actors, outdoors and in underground sections, in all weather. There is darkness, fog, light and sound effects, loud noises, narrow spaces and stairs, surprising moments, prop weapons and scenes depicting violence and blood. Actors may touch players lightly.
3. To my knowledge, none of the exclusion criteria in the terms of participation apply to them (including heart or circulatory conditions, epilepsy, severe claustrophobia or anxiety disorders, limited mobility).
4. I know the terms of participation (secretmission.at/en/terms-of-participation). My consent also covers the **liability waiver** and the risks described in it, which every player signs before the game. We are happy to send it in advance.
5. I understand that anyone can stop at any time with the stop signal "ABBRUCH" and must follow the team's instructions.
